though it is possible that immersion was a contributing cause.

For some undetermined cause, the crew was driven from the central operating compartment shortly after the collision and was deprived of the ship's facilities for raising the vessel themselves or aiding in their rescue.

SODA LIME AVAILABLE

An air purifier previously requested by the commander of the submarine would have been of no avail. And

though it is understood that the Navy will not attempt to locate the use would not have saved any life. It might have prolonged the lives or perhaps even saved some of the men available at the Portsmouth Navy yard, from where the submarine had been sent two days previous to being found.

Concluding its opinion, the court said that the duty of the Navy in the constant care and attention to minute details by officers in command of the Navy's ships, and that this duty ably supported by their crews.

Among the court's recommendations are:

- 1. Plain indication of submarine trial controls on all charts with warnings to mariners.
- 2. A conference by the Navy Department and the U. S. Treasury Department on vessel movements and to draw up

"Rear-Admiral Frank H. Brumby, U.S.N., has been in command of the control force, including all submarines in the Atlantic, since August

desired regulations.
Appointment of a technical board to study rescue and salvage fittings, safety devices and equipment and recommend changes in undersea craft as deemed advisable.

LINDBERGH ENDS MAIL ROUND TRIP

*Flyer Returns to St. Louis
Field Ahead of Schedule;
Large Cargo Carried*

ST. LOUIS, Feb. 21. (AP)—Flying a Douglas mail plane ahead of schedule, Charles Lindbergh landed at the city's airport today after a 33-day round-trip flight.

Col. Lindbergh landed at Lambert-St. Louis Field at 9 a.m. today, completing a round trip over his old air-mail route between here and Chicago in an effort to advertise the postal air service.

The response of the public to his appeal was far beyond the fondest dreams of airplane operators. From St. Louis alone yesterday Lindbergh and five other flyers carried 1997 pounds and ten ounces of mail matter. Approximately half a ton additional was picked up at Springfield and Peoria.

After a quiet night with his fellow-pilots in the apartment of a

flyer at Chicago, Lindbergh was at the Chicago Riving field shortly after 5 a.m. At 6:15, with the cockpit of his plane filled to the top with mail, he took the air.

CROSS-SEA TALK PUT ON RADIO

SHIFT OF GREEN TERMED GENIUS

Shrewd Move Accredited to President Coolidge

Clears Way to Defeat Raid on Treasury Surplus

Successor on Committee in Line With Executive

BY ROBERT B. ARMSTRONG
WASHINGTON, Feb. 21. (Exclusive)

Washington political circles discussed today the shrewd and far-reaching effects of the disbursement of Charles Green of the Ways and Means Committee of the House, who has accepted a life position tendered him by President Coolidge on the Court of Claims.

Republican leaders in the House and Senate in the first decade of the administration to clean house for a smaller tax income reduction, if any, this session of the present Congress. There are so many eagles on the appointment that the senate leaders have not got all their bearings yet, but one of the oldest and shrewdest of the Republican leaders summarized the move in this fashion:

GREEN'S DILEMMA
Green was either unable or unwilling to control the Ways and Means Committee in the last tax-reduction bill passed by the House, which exceeded the Treasury surplus limitation by several million dollars. He faced in the next election defeat if he failed to make adequate provision for the President's reelection in his own district.

The only way to get a satisfactory bill in the Senate Committee on Finance, restore the automobile taxes and other taxes cut out by the House and send it back to the House for a conference, in the hope that the new chairman of the Ways and Means Committee, Hawley of Oregon, will follow the views of the administration and get a tax bill that will not exhaust the Treasury surplus.

HIS LIFE AMBITION
Hawley has been on this commission for more than twenty years, and is a lawyer, tariff expert and farmer from Oregon. His life ambition has been realized when he becomes chairman of the Ways and Means Committee. That he will be more forceful and adamant to adhere to the administration program in all tax and revenue measures is the hope, belief and promise of the Treasury and official advisers of the President, who want the income tax reduced at this session as much as possible without incurring a Treasury deficit.

In Ohio, whether directly intended or not, it gave a tremendous wallop to both Senator Willis and Governor Fess, who came up for re-election this year. Senator Fess had promised a judgeship on the Court of Claims to an Ohio constituent and Senator Willis had promised to secure the appointment from President Coolidge.

OHIO SHOCKED
Somewhere, this program struck a snag, and Senator Willis, who is fighting Secretary Hoover for the State of Ohio in the Presidential primary to be held there April 24, cannot realize that President Coolidge is entirely neutral in the selection of his successor in the White House. Senator Willis is supposed and acclaimed to be the dispenser of Federal patronage in Ohio. If he cannot perform better than he did in

PEER SHIPS AS TANKER HAND

Titled Englishman Elects to Scrub Decks and Paint on Voyage

SAN FRANCISCO, Feb. 21. (Exclusive)—Sir John Frankland Payne Gallwey, member of the British peerage, left San Francisco today aboard the Norwegian tanker *Sildra*, disdaining the comforts that might be his. He elected to scrub decks and paint ship with the "hands."

Crew members revealed Sir John was aboard just prior to sailing time at the Shell company's refinery at Martinez, as the vessel cleared after loading a cargo of oil for the United Kingdom.

Sir John made the long sea voyage here on the *Sildra* and is returning on her as guest of Capt. Bryn. But when the *Sildra* sailed, Sir John, barefooted and in dungarees, was busy with swab and paint brush.

In this case, he is going to suffer greatly and Senator Fess may lose in this contest for the Senate renomination and re-election.

The blow came so suddenly and with such surprise to the Ohio favorite, known in the Senate as "the cathedral chime," that he was stunned to make adequate explanation to his constituents for his loss of Presidential preference and the help Secretary Hoover's forces in Ohio just as much as it hurts Willis. Fess already has been disciplined publicly by the President for attempting to draft him as the 1928 candidate.

SCIONS OF UNWED PAIR ASK RIGHTS
British Suit Casts Light on Case of Offspring of Companionate Marriage

LONDON, Feb. 21. (P)—Four persons prominent in the society figured in a legitimacy case today and were successful in their petition in Probate Court for a declaration of legitimacy under an act of 1926.

They were four children of the late Sir Henry Perceval De Balthazay, wife of Lord Burnham; Mrs. Winifred McCallmont; Lady Somer-Layton and Maximilian John DeBalthazay, brother of Sir Hugo DeBalthazay, who married Lily Langtry.

The legitimacy declaration act makes children born before their parents are married legitimate, provided that at the time of birth neither parent was married to some one else.

Counsel for the petitioners introduced an affidavit to prove that Sir Henry DeBalthazay, some years before his marriage in 1870, had lived with Charlotte Clare, whom he married. They were not married before because Sir Henry's father objected. The father died in 1870 and the four petitioners were born before the marriage.

REED'S ORATORY FLAYS TARIFF

Manufacturers Called For Farmer Must Fear

Senator in Oklahoma Hits at Corrupt Rule

Prohibition Minor Issue, He Tells Reporter

TULSA (Okla.) Feb. 21. (P)—The Republican tariff law was blamed for the ill-fated campaign by Senator Reed of Missouri tonight in the second prepared address of his western Democratic Presidential campaign.

"If the farmer could buy on the same price level upon which he must sell," Senator Reed declared, "he would have an even chance in the race of life with the manufacturer, chief of the East, are determined to deny him that natural right."

Renewing the war on "corruption in government," which he declared last night in Tulsa, the senator insisted the present tariff was enacted in response to "the vast sums of money put up by these manufacturers to elect the Republican ticket."

AMERICANS INSULTED IN MEXICO CITY
Thousand Students Siding With Sandino Hurl Taunts at "Gringos" in Cafes

MEXICO CITY, Feb. 21. (Exclusive)—A decidedly anti-American protest was registered on the Avenida Juarez here tonight by a crowd numbering 1000 young men and women said to be student sympathizers with the Nicaraguan rebel, Sandino. The crowd was allowed to demonstrate unmolested by the authorities on the street, but when it invaded hotels and theaters, police and restaurants which Americans frequent, police took action. No great damage was done other than the American patrons were forced to hear themselves denounced with the shouted threat "to the gringos," "viva Sandino."

The demonstration was noisy with plenty of fireworks. It was personally witnessed by your correspondent. In front of the Hotel Regia, where American tourists are staying, the demonstration became so lively that Americans, except in a few instances, fled to safety. The police then invaded Sanborn's, one of the principal restaurants where Americans are accustomed to eat, and repeated their anti-American outbursts until the management called the authorities. Two policemen were all during the demonstration, estimated at seventy-five persons. No physical damage was reported.

The police posted guards at the entrances and exits of the city, and the demonstrators were free to roam the streets. The streets were deserted shortly after the demonstration got under way.

Stage World Pays Tribute at Foy Burial
NEW ROCHELLE (N. Y.) Feb. 21. (P)—The theatrical world paid final tribute to Eddie Foy when the old-time comedian was buried in this city where he had lived for years between engagements that brought him to the heights of success as one of the nation's greatest fun makers.

Stars of the stage who knew him at the beginning of his career and others who were still youngsters when the lights of the great white city were blazing the name of the famous clown, laid him at rest in Holy Sepulchre Cemetery. Not far from his home—just forty-five minutes from Broadway. His seven children and many old friends attended. His widow, still bordering on collapse, left a sick-bed to go to Blessed Sacrament Church where Rev. Pasquale Manselli officiated at a high requiem mass.

The pallbearers, chosen from members of the Lambs' Club, were Augustus Thomas, Tom Barry, Gene Bush, George Kiah, Ralph Whitehead, Mark Luscher, Hanford Wilson and Nap Ward.

JOB AS SPOUSE TOO ONEROUS

Wealthy Woman's Husband Tired of Being Tailor's Dummy at Wife's Behest

NEW YORK, Feb. 21. (Exclusive)—The handsome but somewhat underpaid husband of Edna E. Frybhl, heiress of \$4,000,000 of the fortune of her late father, Rudolph Schaeff, brewer, is suing his wealthy wife for divorce in Florida, it became known here today.

Attorneys for both sides argued before Supreme Court Justice Callahan an application by Mrs. Frybhl to halt the action, in which she asserts that her husband's home life is in New York.

The court reserved decision after counsel for Frybhl had told him his client was tired of a role of "a well-dressed doll" tied to a woman's apron strings, and that his action for divorce, like the \$15 a week clerical job he has been holding down despite his wife's wealth, is his bid for personal independence.

Noted Swedish Woman Worker for Peace Dies
STOCKHOLM, Feb. 21. (P)—Anna Bugge-Wicksell, Sweden's leading feminist and universal peace worker, is dead.

Mrs. Bugge-Wicksell, as a member of the League of Nations permanent mandate commission, visited the United States last year under auspices of the Pacific States Fund to study American methods of educating the negro with a view of utilizing American experience in the League's work among the former German and Turkish colonies of Africa.

Death Toll in Mine Now Six
PITTSBURGH, Feb. 21. (P)—The known death toll as a consequence of a double accident in the Kinlock mine of the Valley Camp Coal Company today mounted to six with seven miners unaccounted for.

Four of the bodies were found in the main workings where a disastrous explosion occurred last night. Two others were found in an isolated section of the mine where five miners, uninformed of the blast, went to work and were overcome by gas. Three of the five were brought to the surface by a mine mule, which pulled out the car on which the victims were lying.

Airplane Helps Drifters on Ice
HELSINKI (Finland) Feb. 21. (P)—Dispatches from Bjorkoe state that an airplane with provisions landed on a large fragment of ice on which a number of fishermen and their horses were drifting in the Gulf of Finland off Bjorkoe.

The ice broke away in many places Saturday and drifted in various directions. Planes already have dropped food to several parties who were in trouble since have reached firm ice enabling them to land. Others are drifting toward the Estonian coast, and being followed by an ice breaker as speedily as possible.

Parole Sought by John Osborn
WASHINGTON, Feb. 21. (Exclusive)—Mrs. Clara Shortridge Foltz, Los Angeles attorney, is in Washington seeking a parole for John Osborn of Los Angeles, now serving a ten-year sentence in Nevada State prison for connection with the promotion of the Valhalla Cemetery project. She has an appointment with officials at the Department of Justice Thursday.

Judge McConick, who sentenced Osborn, opposes parole, and with this the case the chances of gaining the latter's freedom are said to be slim.

RULE BY CITIES CALLED MENACE

Balance of Power Seings from Countryside

Churchman Sees Peril to Democracy's Sway

Another Says Converts Now Hard to Win Over

PHILADELPHIA, Feb. 21. (P)—Democracy is "falling in the cities and consequently is in danger in the country at large," Dr. M. A. Dawber today told the council of home missions of the Methodist Episcopal church, in session here.

"The future of democracy," said Dr. Dawber, who is superintendent of the department of rural work of the board of home missions and church extension, "has been a matter of much concern to all serious-minded citizens. The lowering of standards of mentality in our large cities calls for the unequalled interest of all who have our country's welfare at heart."

"The larger cities now determine what the government of America shall be. Time was when the smaller towns and rural communities held the balance of power. Government was safe and sane under such an arrangement."

"No purely city civilization has yet survived in history. Can America perform the miracle of increasing industry and improving agriculture? No other nation has yet been able to continue on such a basis. It is very doubtful if America can."

He asserted that Christianity alone is able to meet completely the problems of human life and to overthrow every power of evil that exists in the world.

GETTING CHURCH CONVERTS GROWS HARDER, SAYS PASTOR
NEW YORK, Feb. 21. (P)—Bringing converts into the church is a harder job today than ever before in the belief of Rev. John A. Marquis, former moderator of the Presbyterian Church in America.

"All the easy ones have been won," Dr. Marquis told fifty representatives of the leading Protestant denominations in a luncheon conference held under the auspices of the Men's Church League.

"It is estimated that 40 per cent of the adults of this country are allied with some church or other," he said, "and it is much easier to convert those who are in the church than it is to save those who still remain outside."

"A multiplication of external things—the radio, automobile, and other mechanical inventions—hinder our work," he said.

MOROCCO PROBLEM SOLVED BY ALLIES
PARIS, Feb. 21. (P)—The Petit Parisien today said that France and Spain have at last solved the knotty problem of a new administrative regime for Tangier, which is now under a neutralized international rule under the sovereignty of the Sultan of Morocco. Both sides made concessions and the only point now outstanding is the period for which the arrangement will remain in effect. It is said that the accord will be submitted to Great Britain and Italy.

Why Use Kolynos Dental Cream?

- 1 Dentists recommend it.
- 2 Double strength, one-half inch on a dry brush is enough.
- 3 Destroys 80 to 92% of the dangerous mouth germs.
- 4 Makes your mouth feel clean and fresh.

FRIGIDAIRE

Economy for merchants protection for customers

By providing automatic, cold-storage temperatures, Frigidaire effects important economies for merchants. It prevents waste, ends ice bills and saves time and trouble. But, more than that—Frigidaire electric refrigeration protects the health of customers by keeping foods fresh and wholesome. And it is so low in price and so economical to operate that every commercial establishment should have it.

Frigidaire is easily and quickly installed. It is flexible. Units may be added at any time to care for increased business. With all these advantages to offer, no wonder Frigidaire has won a position of dominant leadership. There are now more Frigidaires in use in homes and stores than all other electric refrigerators combined. Visit our display room or telephone for complete information.

news of the MIDDLE WEST

INDIANAPOLIS, Feb. 21. (Exclusive)—The plan that has followed the last two Governors of Indiana has not deterred Hoosier politicians. Earl Crawford's entry today raised the field in the gubernatorial race to include five Democrats and four Republicans. The Milan Springs Hotel at Milan, a health resort, was destroyed by fire early today. The loss is estimated at \$400,000. The hotel was closed after the fall season for general overhauling and was to have been opened April 1.

Accompanied by a middle-aged son, Audley Campbell, aged 31, of Little York, Washington county, father of nineteen children, and Miss Katherine Walling, aged 18, of Flemington, N. J., were married at the Brownstone today. Campbell has been married three times.

OMAHA, Feb. 21. (Exclusive)—With a wet blanket of snow extending over Nebraska, bringing valuable surface moisture to the parched earth, and alfalfa prospects were rosy for a very decided improvement in the general crop outlook for Nebraska, according to agricultural experts.

Funeral services were held at General G. R. Borland, prominent in the church and lodge affairs of the community. It was one of the most largely attended funerals ever held here.

In line with the rapid change taking place in Northwestern Nebraska in the raising of the ranches, the ranch of William "Sheep" Johnson, containing 2400 acres of good level and rolling land, will be divided into quarter-section farms and sold at auction.

DES MOINES, Feb. 21. (Exclusive)—Due to the continued rainfall and numerous ice breaks, police here are taking precautions to protect property adjoining the Des Moines and Coon rivers and bridge spans of the river rise to a point of flood stage or suffer a dangerous ice jam.

Barbaric schoolhouse, which was properly closed following the death of two children from infantile paralysis last week.

An epidemic of disease—smallpox, scarlet fever and measles—has broken out at Le Mars, Neb. Health authorities have taken the matter in hand, and a number of homes have been quarantined.

The plant at Dubuque to make wallboard from cornstalks will begin operating about April 1.

KANSAS CITY, Feb. 21. (Exclusive)—For seven years, Elsie Pearl Truskett has waged an unsuccessful fight for membership in the Kansas City Live-Stock Exchange, so today she filed damage suits totaling \$300,000 against officers and directors of the exchange, charging she had been refused membership three times since 1924, solely because she is a woman.

Mrs. Luella F. Stewart, 69, prominent well-known citizen, died today in a hospital at Wichita. She had been prominently identified with work in the Methodist Church at Winfield, Kan., and other Methodist institutions.

ST. LOUIS, Feb. 21. (Exclusive)—The trust provisions in the will of Alexander H. Handman were declared void by Circuit Judge Hartmann today, and distribution of the real and personal property, estimated at \$2,000,000 in value, among the seven heirs, was ordered.

A warrant charging conspiracy to defraud the government of income tax was issued by Commissioner Atkins yesterday against the Gottlieb Realty Company, Inc., and its officers, Herman B. Gottlieb, president, and J. M. Fishman, vice-president, secretary and treasurer.

DETROIT, Feb. 21. (Exclusive)—Mrs. Ora J. Mulford and her son John of Parker avenue have departed for Palm Springs, Cal.

The State Supreme Court refused to interfere with the Genesee County Court writ of mandamus ordering a recall election against Mayor William McKnight of Flint. The writ of mandamus was secured in Genesee court after the city clerk refused to accept petitions for a recall election. The refusal of the Supreme Court to grant the petitions of the Mayor for a review means that the recall election must be held as ordered by the Circuit Court.

Rev. Father Michael P. Bourke, aged 40, diocesan director of Catholic hospitals of Michigan, died at St. Joseph's Mercy Hospital at Ann Arbor. Father Bourke had been seriously ill since last October with a stomach disorder. Father Bourke, as chaplain of St. Mary's Chapel at Ann Arbor, occupied one of the most prominent places in the church in Michigan.

Members of the City Commission at Grand Rapids have decided, because of general economic conditions, to postpone indefinitely the proposed submission of a \$1,500,000 bond issue for expansion of the municipal water distribution system.

ST. PAUL, Feb. 21. (Exclusive)—Appointment of Walter F. Wieland of Brainerd, Crow Wing County Attorney, as Assistant Attorney-General, was announced by G. A. Youngquist, Attorney-General. Mr. Wieland fills the vacancy caused by the elevation of Mr. Youngquist to the Attorney-Generalship following the death of Col. A. F. Pratt.

Mrs. William H. Poles, 3 Crocus Hill, and her father, Mr. James H. Weed, 261 Summit avenue, have gone to California. They will visit in Santa Monica and Los Angeles.

Mrs. P. M. Hanney, 684 Grand avenue, has departed for California, where she will spend the next two months.

AKRON, Feb. 21. (Exclusive)—Summit county gained \$5,500,000 in building and loan deposits last year, boosting total deposits to approximately \$27,000,000. It was reported at a district meeting of the Ohio Building Association League, held at the Portage County Club. With an increase of \$6,000,000, Mahoning county ranked first on the list. The 1927 gain over the entire district, comprising eight Northeast Ohio counties, was placed at \$30,000,000.

LOUISVILLE, Feb. 21. (Exclusive)—Mrs. John W. Price and Mrs. Charles E. Claggett have departed for California.

The Kentucky Senate passed, twenty-five to four, a measure "providing for the quarantine and control of the European corn borer." The measure was introduced by Senator Ed Walker, Frankfort, Democrat, at the request of the State Department of Agriculture.

TRACTION MAGNATE
MARRIES SECRETARY

CHICAGO, Feb. 21. (AP)—Britton I. Budd, president of the Chicago Rapid Transit System, was married yesterday to Miss Marie Sheehan, his former private secretary. The bride, who is about twenty years younger than her husband, is the daughter of the late Daniel Sheehan, who was associated with Budd in the construction and development of the elevated-railroad companies.

Carlsbad Sprudel Salt

The natural remedy for STOMACH TROUBLE

Drs. Jaworsky and Laube, stomach specialists, highly recommend a teaspoonful of the natural Carlsbad Sprudel Salt dissolved in a glass of warm water before breakfast and a glass before dinner at night. This will correct loss of appetite and "acid stomach" and greatly relieve the dull pains and sense of overfulness.

Use no substitutes. Write for booklet. Carlsbad Sprudel Water, bottled at the springs, also imported by Carlsbad Products Co., New York.

You're Too Skinny to Get the Job

Get New Beauty, Strength and "Life" with YEAST and IRON—adds pounds of weight. Quick results or pay nothing

Is business, social life or sports, the skinny, food seems always least on your mind? Get out of that class! You don't have to be "bony" or "plump" or "stuffed" to be healthy. Just a 10-day treatment will add pounds of good flesh, slims your features, makes your body healthy and shining, full of strength and vigor. It has made thousands out of thousands of failures.

How Yeast with Iron Works

IRONIZED YEAST is two things in one—yeast that makes strength and weight, and iron that builds up the blood. The yeast is the same used in making bread, and which makes milk so healthful. This yeast is treated with pure vegetable iron taken from fresh beets, lemon and cod liver oil. Only in this form is iron easily assimilated by the body, making rich, red blood and giving you the strength and vigor of a champion. IRONIZED YEAST gives you results in half the time required by other brands.

Quick results guaranteed—or money back

Ask your druggist or IRONIZED YEAST, 50 cents, 100 cents, 200 cents, 500 cents. Money back if not satisfied. IRONIZED YEAST CO., Atlanta, Ga., Suite 35-C.

MUTUAL FLOOD AID IDEA GROWS

Local Regions to be Asked to Help Pay Costs

New Mississippi Bill Will be Introduced Soon

House Leaders Get Views of Coolidge on Problem

WASHINGTON, Feb. 21. (P)—A movement was afoot in the House today in support of the administration's plan to have local communities supplement Federal contributions for Mississippi River flood control.

The House flood-control committee recently in drafting its bill for the curbing of the Mississippi inundations sidetracked this policy in proposing a \$475,000,000 flood-control program for the lower valley.

Meanwhile, it developed that President Coolidge was informed by the Army engineers that the committee bill is not a feasible solution of the problem. The administration is understood to be framing a new plan revising its original program which was sent to Congress last year in the session of the President.

NEW PLAN READY SOON

Two representatives, Chairman Madden of the appropriations committee and Starnes, a Kansas Republican, announced that the new plan will be submitted within a few days and probably be introduced as a bill in the House.

A group of House leaders including Speaker Clegg, Representative Tamm, the Republican leader, Chairman Snell of the rules committee, and Madden conferred with the President on the flood problem earlier in the day but none would reveal the details of the discussion.

While these leaders were obtaining an administrative viewpoint, a group of about sixty Republican and Democratic Representatives from States in which there are Mississippi River tributaries, held a conference on flood legislation.

REID BILL COSTLY

Army engineers have told the President the flood bill would involve expenditure of perhaps \$1,500,000,000, which is possibly four times as much as the cost of the program presented to Congress by the administration. In addition, the bill would require a restatement and recodification of the rules of law governing the conduct of belligerents and neutrals in war at sea.

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs creosote is recognized by high medical agencies as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germ.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchitis, asthma, and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. [Advertisement.]

CONGRESS TO GET RID OF HOT AIR

Budget Bureau Approves of \$323,000 Expenditure for Ventilators

WASHINGTON, Feb. 21. (P)—The Congressional atmosphere is to be improved.

A budget recommendation that \$323,000 be spent for up-to-date ventilation apparatus of the House and Senate chambers has been transmitted to the House by President Coolidge. It was a routine step, following up passage by Congress some time ago of legislation authorizing the expenditure.

For years members of Congress have complained about the ventilation of the two chambers.

In addition, Mr. Coolidge has been told that the measure would impose upon him the responsibility for making large number of decisions as to work and design most of them of the type which only expert authority should reach.

The expenditure and discretionary provisions of the measure drew objections from the President, who is having a fuller study of it undertaken by the Engineer Corps.

MOVE ON TO REVISE CODE OF SEA WAR

Borah Urges Senate to Invite Maritime Nations to Recodify Rules

WASHINGTON, Feb. 21. (P)—Under a resolution introduced today by Chairman Borah of the Foreign Relations Committee, the Senate would express its belief that the leading maritime powers of the world owe it to the cause of limitation of armaments and of peace to bring about a restatement and recodification of the rules of law governing the conduct of belligerents and neutrals in war at sea.

The resolution, which was referred to Senator Borah's committee, also has the Senate declare also that such restatement and recodification should be brought about, if physically possible, prior to the meeting of the conference on limitation of armaments in 1931.

Recalling that the rules of maritime law in time of war, as codified at the second Hague conference and in the declaration of London, were in important respects departed from during the World War, the resolution asserts that the present chaotic state of maritime law constitutes an incentive for great naval armaments.

Under present conditions, the resolution says, the seas are left subject to no definite rule, save that of force, and commerce is left with no ultimate protection save that of battle fleets.

PLAN URGED TO START BUILDING WORK SOON

WASHINGTON, Feb. 21. (P)—President Coolidge would be authorized to hasten the carrying out of the new public-buildings program under a measure today by Representative Celler of New York, Democrat, who declared that such action is requested in view of estimates that "fully 4,000,000 men are out of work."

HEARING ON BOX MEASURE OPENS

Effort to Restrict Mexican Labor Launched

Proponents of Bill First Before Committee

Fight to Save Provisions of Present Law Also On

WASHINGTON, Feb. 21. (Exclusive)—The House Immigration Committee started hearings today on the Box bill putting Mexico under the quota provisions of the Immigration Act, while at the other end of the Capitol the fight against relaxation of the national origins provisions of the present law got under way with Senator Shipstead of Minnesota introducing a resolution calling on the President to report back whether the provisions "are still unsupported by reliable figures."

The national origins provisions, scheduled to go into effect, July 1, are based on the figures of the first census taken in this country and in the past it has been admitted in official statements that this census is not wholly accurate. The provisions originally were slated to go into effect July 1 of last year but were extended one year, and now a strong Senate group demands another extension, a demand which the House Immigration Committee opposes.

Third group headed by Senator Reed of Pennsylvania wants the provisions into effect without further delay.

TERMINED NATIONAL PROBLEM

The fight for restriction of Mexican immigration started in a committee room packed with witnesses and spectators, many representing farming interests in California and the Southwest, opposed to the bill because of the limitation it would put on the influx of Mexican labor. Only proponents were heard today.

Terminating Mexican immigration "a national problem both from an economic and social standpoint," Representative Box of Texas, author of the bill under consideration, reminded the committee that the measure had been introduced also at this session by Senators Borah of Idaho, Watson of Indiana, Bratton of New Mexico and Harris of Georgia, and by Representatives Allgood of Alabama and Sabath of Illinois, and declared all would demand a "fair hearing" on the question.

He asked that the committee consider the views of "the millions of people back in the border States who are not appearing here," while listening to the arguments of paid representatives of large farming interests and chambers of commerce. "A few men," he asserted, "will make more than 1,000,000 back home who have no financial interest in bringing them here, and who are not represented in Washington by legislative agents."

EVANS BILL WOULD KEEP HOUSE SAME

Reapportioning Present Membership Allots More Seats to California

WASHINGTON, Feb. 21. (Exclusive)—Congressional reapportionment based on the 1930 census, with the aim of all the States under uniform practices of national internal improvement, Western States, so long as the government controls tax-free more than half of their lands, are compelled to vote for the Evans bill, which would provide for special aid and benefits.

He declared that the "people are still land hungry," and urged that the public lands should not be turned over to grazing, but remain "free range, open to settlement and available for home builders."

BLOSSOMS SENT TO MRS. HOOVER

Santa Clara Valley Girl Scouts Forward Blooms by Airplane

PALO ALTO, Feb. 21. (P)—Fruit blossoms from the Santa Clara Valley in California were started by airplane tonight to Mrs. Herbert Hoover in Washington, as the gift of 600 Girl Scouts of this district.

Mrs. Hoover is a past president of the national organization and a member of the Palo Alto Council. When the girls learned Mrs. Hoover is giving a party next Monday they decided they would send her some fruit blossoms for decorations.

GIVING LAND TO STATES ADVOCATED

Ceding 200,000,000 Acres of Federal Area Urged by Wyoming Republican

WASHINGTON, Feb. 21. (P)—The ceding of 200,000,000 acres of Federal public lands to western States was advocated by Representative Winter, Republican, Wyoming, in an address prepared for delivery today in the House.

Declaring that the States in and west of the Rocky Mountains are denied equal rights with other States in land ownership, Wyoming Representative voiced his opposition to pending legislation which would place 200,000,000 acres under a grazing-lease system as "a perpetual Federal pasture," requiring the payment of grazing fees to the Government.

"If this is done, 450,000,000 acres, amounting to 55 per cent of the entire area of the States," he said, "will remain forever tax free, thereby denying new homes, settlement, development and taxation."

"We wish to know whether we are to be States or provinces," he said. "When we secure the land we will develop our own resources and make our own improvements, asking them only for just proportion of the benefits of Federal aid which are given to all the States under uniform practices of national internal improvement. Western States, so long as the government controls tax-free more than half of their lands, are compelled to vote for the Evans bill, which would provide for special aid and benefits."

EVANS BILL WOULD KEEP HOUSE SAME

Reapportioning Present Membership Allots More Seats to California

WASHINGTON, Feb. 21. (Exclusive)—Congressional reapportionment based on the 1930 census, with the aim of all the States under uniform practices of national internal improvement, Western States, so long as the government controls tax-free more than half of their lands, are compelled to vote for the Evans bill, which would provide for special aid and benefits.

He declared that the "people are still land hungry," and urged that the public lands should not be turned over to grazing, but remain "free range, open to settlement and available for home builders."

Unions Ask for Law Exemption

WASHINGTON, Feb. 21. (P)—Protection of union workers from oppressive injunction processes of Federal courts was urged today before a Senate Judiciary subcommittee by J. Groesbeck, former Governor of Michigan, counsel for the workers in the recent Indianapolis street railway strike injunction proceedings.

Groesbeck told the committee, however, that in his opinion the pending Shipstead anti-injunction bill would not attain the ends sought. He suggested instead an amendment of the Clayton Act to make that statute clearer by exempting from injunction processes not only the workers but their agents and associates.

Fourteen Toll of Antipodes Flood

SYDNEY (New South Wales) Feb. 21. (P)—Although the weather is still unsettled, the flood waters which followed torrential rains, were subsiding today with fourteen deaths recorded. These occurred in Queensland, New South Wales and South Australia.

FAIR PAGEANT PLANNED

SACRAMENTO, Feb. 21. (P)—Plans for a military pageant, military ceremonies and drills by the California National Guard at the 1928 State Fair, September 1 to 8, were initiated today at a conference between Adj. Gen. R. E. Mittelstaedt and Harold McCurdy and Ella Franklin, director of the State Agricultural Society, and Charles W. Paine, secretary-manager of the fair.

WORDS SEETHE ON TOWARD DAM

But Headway Slow in Long Committee Session

Amendments Again Hit Rock in Johnson's Stand

Arizona Pleas for Colorado Power Discussed

WASHINGTON, Feb. 21. (Exclusive)—The Senate Irrigation Committee wrangled for nearly three hours today over Boulder dam legislation and again adjourned without making any definite headway. The next meeting will be held Thursday.

The Philippine compromise measure, and the amendments sponsored by Senators Pittman of Nevada and Ashurst and Hayden of Arizona were discussed at some length. Senator Johnson of California repeated he will have nothing to do with them and will not support the committee before the Senate if it writes any majority amendments into his bill or adopts the Philippine substitute. No action was taken and nothing took place which would reveal definitely the way the committee will line up finally on a showdown.

ARIZONA INVITED

Senator Hayden, a nonmember of the committee, was invited into the session and some time was given to discussion of the so-called Arizona amendments. One of these amendments provides that 80 per cent of all surplus profits from the sale of power be divided each year between Arizona and Nevada. The Philips bill would dispose of one-third of such profits, while Senator Pittman of Nevada has suggested 50 per cent be given the two States.

Another of the Arizona amendments would limit Los Angeles to 800,000 acre feet of domestic water a year for which the city would pay \$2 per acre foot. The purpose is to place a definite limitation on Los Angeles' share of water, and also provide for definite revenue from this source. Representatives of Los Angeles say the city will need 1,000,000 acre feet.

DISCUSSION SPIRITED

Senators who were present reported that the discussion at times was spirited and of a sensational temper flared to the boiling point.

A partial check today showed that Senator Johnson has obtained the proxy of at least one Senator who will not be able to attend all the committee sessions. The Senator is Washington, has refused to give his proxy although stating he will support the Johnson bill.

The downtown conference of representatives of California, Arizona and Nevada continued today with attention turned chiefly to division of water, but no agreement was reached on any major point although the California conference, with Matthews and Earl Pound, say progress toward a solution of the long-standing problems slowly is being made.

State Welcomes Oregon Visitors

YREKA, Feb. 21. (P)—With hands clasped across the Oregon-California line, State Senator Allen of Blinn, officially representing Gov. Young of California, this morning welcomed to the State Gov. Patterson of Oregon and the good-will caravan accompanying him.

An official welcome also was extended by L. W. Hayes of the Sacramento Chamber of Commerce.

After a short stop the caravan of fifty persons and fifteen automobiles resumed the trip to Yreka where the first civic welcome was given to the Oregon party.

IMPRISONED KLANSMAN ASKS FOR TRANSFER

INDIANAPOLIS, Feb. 21. (P)—Transfer of D. C. Stephenson, former Ku Klux Klan Grand Dragon, from the State prison at Michigan City to the reformatory at Pendleton for "human reasons," was asked today in a petition filed with Gov. Jackson by two of Stephenson's attorneys. It is asserted Stephenson fears physical violence at the hands of "servants of the chief executive," because of testimony given by the former Klansman at the recent bribery trial of the Governor.

Los Angeles and El Caballero Pace Golfing Chase for Interclub Team League Title

ACE, DUNDEE TO BOX MARCH 23

Madison Square Garden Has Fight Lined Up

Contracts Can't be Signed Because Joe's Barred

No Championship Bout Soon for Tommy Loughran

NEW YORK, Feb. 21. (AP)—The crowd that Tommy Loughran captured from Mike McGuire, and promised to defend

once a month if possible, the best of the light-heavyweight ranks. The match probably will be made in the near future.

Tommy Loughran, the 175-pound titleholder, declared his return to New York after a month's cruise through the Caribbean.

LOUISIANA VS. SEKIRA
Decision to sidetrack Tommy for the time being will permit a match between Joe Loughran, who already has fought the champion's mantle, and Joe Sekira, of Dayton, latest sensation in the light-heavyweight ranks. The match probably will be made for late in March with the winner meeting Loughran in a title fight in April or May. An injury to Jimmy Slattery's hand has forced the Buffalo challenger from the lists temporarily.

ACE HUKKINS, who trounced Sammy Baker in a vicious "rubber" match at Madison Square Garden Friday night, took his challenge of Joe Dundee to the New York State Athletic Commission today, but was given little encouragement. The welterweight champion is under suspension for charges brought against him in California for failure to go through with a title match against Hukkins in Los Angeles.

Although no contracts can be made with Dundee while the Baltimore Italian is under suspension, welterweight championship "shot" has been secured Hukkins on March 23 at the Garden. Dundee has been under contract for the bout since last November.

RELANDER REINSTATED
The commission reinstated French Belanger of Toronto, former National Boxing Association flyweight champion, with an explanation that his notice to appear before the board recently went astray. Belanger was set down indefinitely for failure to appear. The Canadian originally was charged with fouling Primo Grande in a match at Buffalo, N. Y., January 16.

Jack Sharkey posted a \$5000 check with the commission to guarantee appearance for his match with Johnny Rioke here March 12. Joe DeLaney and Tom Henney already have posted similar forfeits for the first half of the heavyweight eliminations finals on March 1.

TRIAL SCHEDULED FOR NEXT WEEK
The trial of Joe Dundee, Max Waxman and Dick Donald on a charge of false advertising against growing cotton in the Hawaiian Islands, is scheduled to be held before Municipal Judge Blake one week from tomorrow.

Originally, the trial was set for March 16, but by mutual consent it was moved ahead to March 1. Dundee and Waxman are in the East, but their attorney, S. B. Hahn, has promised to have them here for the trial.

Polytechnic High School's track team showed plenty of prospective power yesterday through losing a practice meet to U.S.C. frosh on Boardwalk. The score was 62-1-3 to 41-2-3 against them, but the Mechanics displayed enough ability to promise competition to all concerned in the City League.

Vio Fitzmaurice and Howard Paul were the star performers of the day. The intercollegiate long-distance champion galloped to victories in both the half-mile and mile races. The score was 23-36 and 4m. 43s. respectively. Paul raced the 140-yard hurdles in 16 seconds flat, and won the 200-yard dash in 21 1/2 seconds.

Poly scored three first places. Vignola copped the high hurdles in the nice time of 16 seconds flat. Jones won the high jump at 5ft. 10 1/2 in., and Morgan took the shot put at 46ft. 1 in. One of the best races on the card was the 440, which was won by Pearson of S.C. in 52 seconds. MacFadden, his team-mate, a yard behind.

The frosh have a meet scheduled Friday with Roosevelt and the following Tuesday will take on Glendale State title-defending squad, featuring Frank Wyckoff, the well-known dash and sprint man. Yesterday's results:

100-yard dash—Won by Becker (S.C.) 14 1/2 seconds. Runner-up, Kell (S.C.) 15 1/2 seconds. 200-yard dash—Won by Becker (S.C.) 28 1/2 seconds. 400-yard dash—Won by Becker (S.C.) 1:02 1/2. 800-yard dash—Won by Becker (S.C.) 2:15 1/2. 1600-yard dash—Won by Becker (S.C.) 4:45 1/2. 3200-yard dash—Won by Becker (S.C.) 9:45 1/2. 6400-yard dash—Won by Becker (S.C.) 19:45 1/2. 12800-yard dash—Won by Becker (S.C.) 39:45 1/2. 25600-yard dash—Won by Becker (S.C.) 79:45 1/2. 51200-yard dash—Won by Becker (S.C.) 159:45 1/2. 102400-yard dash—Won by Becker (S.C.) 319:45 1/2. 204800-yard dash—Won by Becker (S.C.) 639:45 1/2. 409600-yard dash—Won by Becker RUMOR ON UNION OIL OUT AGAIN

Recent Market Activity Basis for Revival of Merger Talk

SAN FRANCISCO, Feb. 21. (Exclusive)—Ordinarily conservative investors have been keenly interested today in a decided upswing of Union Oil stock, the only security of its kind to advance while others were receding to new low levels.

In one quarter the Atlantic Refining-Union Oil merger was revived, but no sign of reliability was present to back the gossip; another explanation was that Bancroft Corporation might have been authorized to purchase to augment its large stockholdings in the belief that the oil market was looking better and that these shares would shortly advance.

Whatever the basis of the advance it is recalled that Union is the only major oil company in the nation to show a highly satisfactory report and its earnings are such that not only can the present dividend be maintained but possibly more might be paid if any improvement is shown.

Another report was to the effect that considerable buying had been done for the Henry M. Robinson interests through First Securities Company of Los Angeles.

However, thrown against the weight of the conjecture was the definite statement of W. L. Stewart, president of Union Oil, who is confirmed to be in contemplation. He reiterated by long distance from his bedside, as he has in the past, that "there is nothing doing."

Unemployment Gain Reported in California

Employment conditions in California in the month of January last were poorer than conditions reported in the corresponding month of last year, according to the California Labor Market Bulletin issued yesterday by Walter G. Mathewson, chief of the division of labor statistics and labor relations.

The survey of 709 representative industries showed 131,926 workers employed as against 134,191 in January, 1927, a decrease of 11,265 or 7.8 per cent. The weekly pay rolls of the same companies decreased 6.7 per cent.

Employment in chemicals, oils and points, including petroleum refining, decreased 24 per cent; metals, machinery and construction, 10 per cent; beverages and tobacco, 9 per cent; stone and clay products 8 per cent; leather and rubber manufactures showed a decline of 4 per cent and textiles 3.8 per cent.

The agricultural implements industry employment increased 30 per cent, food products 19.3 per cent, glass manufacturers 16.7 per cent, electrical 11.6 per cent and laundering, cleaning and dyeing 4.3 per cent.

London Daily Radio

BY ARTHUR W. KIDDOY

(Copyright, 1928, New York Evening Post, Inc.)

LONDON, Feb. 21. (By Wireless)—Markets here today were improved as a result of persistent reports that the decline in speculative positions in Wall Street would bring about easier money soon. Oils continued to rise and home railways were improving. Courtiaids were firm.

Generally speaking, however, the tendency is to effect realising in the industrial order to go into oils and rails which have fallen to exceptionally low levels.

The rubber controversy becomes daily more heated and the rubber grower's position is registering strong protest against the manner in which the recent announcement about the committee was made.

The government was unfortunate in making announcements when it was possible for New York to get in the news ahead of London because, although it was a storm in a tea cup and no large gains resulted in the United States, much agitation resulted here.

MARKETS TO KEEP WASHINGTON DAY

NEW YORK, Feb. 21. (P)—Business will be suspended in the financial district tomorrow in observance of Washington's birthday. The New York Stock Exchange, curb market, cotton exchange and all other securities and commodity markets will be closed. The banks also will not be open, as it is a legal holiday.

UTILITY SHARES TAKE REST

Congressional Investigation Deterrent to Full Reflection of Earnings in Market Prices

BY EARLE E. CROWE

While the threat of the Congressional public utility investigation hangs heavily over the industry there is not much likelihood of the utility shares giving full reflection in the stock market to favorable earnings statements. Every though it has been understood that the investigation has lost momentum, the price of some of the active stocks have receded in the last few days, partly due to the general weakness in the market and partly to the rumor that some unfavorable news may emanate from the Washington investigators.

American Telephone and Telegraph, belatedly of the public utilities, has reacted along with the power and light companies, and apparently is reflecting the general uneasiness. On the Pacific Coast Southern California Edison common has slipped back from the new high ground it had been selling, and in the East the rank and file of the light and power shares are noticeably lower.

Actually, the industry is not especially concerned over the probing of the Washington investigators. Of anything resembling Federal regulation, however, is dangerous enough to warrant consideration, and the menace is removed the news and rumors of mergers, expansion, division and stock sales are the only ones to be held in abeyance. Under State regulation the utilities have prospered, and under State regulation they naturally prefer to remain.

Perhaps some of the public utility holding companies controlling utilities operating in a large number of States may have more ground for concern than companies strictly of the operating type and purely State-wide in scope, like Southern California Edison and Pacific Gas and Electric.

Federal regulation for companies of the first type is advocated by influential political interests and possibly may be enacted in the near future.

Before these troublesome questions arose the industry and the general market were looking forward to some interesting developments this year. Mergers and stock sales were an important part on the theory that several realignments of companies were economically advised. The Southern California Edison and Pacific Gas and Electric, for example, are being consolidated into one of the largest consolidations in the history of the industry has been announced, but now the discussions, it is reported, have been suspended until later this year.

This project, according to current gossip, would include Consolidated Gas, New York Edison, Brooklyn Union Gas and Brooklyn Edison, and possibly Public Service of New Jersey. The consolidated company would stand out as one of the largest power and gas companies in the country, and possessing a market of tremendous size and possibilities.

Consolidated Gas, so another rumor has stated, has considered the advisability of splitting the capital stock into two classes, one for common stock and one for preferred stock. This is another matter that probably would await until the conclusion of the inquiry in public utility affairs.

PICKWICK IN NEW STAGE LINE DEAL

Purchase Announced of Purple Swan Company in Middle West Field

Pickwick Corporation, to further its plans for a transcontinental stage line from Los Angeles to New York City, has purchased a controlling interest in the Purple Swan stage line, which is operating between Chicago and Indianapolis. Thomas Morgan, vice-president of the Pickwick company, announced the purchase.

The purchase was accomplished through the recent formation of the Pickwick Greyhound Company, which was brought about by a consolidation of the Pickwick and Greyhound companies. The new company, which is operating between Chicago and Indianapolis, has been purchased by the Pickwick company, which in turn owns 50 per cent of the stock of the Purple Swan stage line.

This follows the recent announcement of the acquisition by the Pickwick Corporation of the White Lake Company Stage Lines, operating between Chicago and Indianapolis. Mr. Morgan, who is now in New York City, is understood to be working on plans to complete the remaining links of the eastern chain.

In spite of the great expansion of the company, net earnings for the year are expected to be greater than the previous year. Mr. Morgan stated that the first motor stage sleeping coach has been planned by the company, which will supplement the observation coaches now being used.

Yesterday's quotations for the Pickwick companies are not associated with the newly formed West Coast Airway Company, according to Mr. Morgan, although some of the stockholders hold an interest in the company. The annual meeting of the company has been postponed until next month.

Oil Curtailment May Close New Kern Front Field

Complete shutdown of the new Kern front field is contemplated in the crude oil curtailment program now being discussed by the California Petroleum Producers Association.

The plan for restriction of output will closely follow the outline of action first reported last week, according to this information, except that the total amount of shut-in production under the program is now estimated at 100,000 barrels, instead of 100,000 barrels.

The schedule of restriction, as it is reported, is as follows: 20,000 barrels of crude oil and the saving of about 80,000 barrels of natural gas. At Oilco's it is expected that pinching in of California Petroleum's light oil will save another 150,000 cubic feet of gas, with more possible at Santa Maria, through Union Oil, and Coyote Hills, through Standard Oil.

Kern Front suspension of operations will add about 16,000 barrels, the shutting in of 70,000 barrels, raising the total shut-in production to about 180,000 barrels daily, is expected to offset whatever gains in production the industry will lose through curtailment of drilling at Signal Hill.

Thursday will be devoted to the accounting section of the industry will be discussed by authorities in their particular line.

Friday will be devoted to the problems of the home, including the correct application of the new laws. Through the courtesy of the Los Angeles Gas and Electric Corporation, Saturday will be spent up by an inspection trip to a number of industrial gas burning installations in and around the city.

Gas Association Officials Plan Meeting Here

The Pacific Coast Gas Association, composed of 300 members, devoted to the various phases of gas distribution, will hold its semiannual regional conference in Los Angeles tomorrow, Friday and Saturday, it was announced yesterday. Various problems of the industry will be discussed by authorities in their particular line.

Thursday will be devoted to the accounting section of the industry will be discussed by authorities in their particular line.

Friday will be devoted to the problems of the home, including the correct application of the new laws. Through the courtesy of the Los Angeles Gas and Electric Corporation, Saturday will be spent up by an inspection trip to a number of industrial gas burning installations in and around the city.

Houston Named on Rail Board

NEW YORK, Feb. 21. (P)—Stockholders of Delaware Lackawanna and Western Railroad in annual meeting today, elected David P. Houston, president of the Mutual Life Insurance Company, and former Secretary of the United States Treasury, a member of the board of managers. John M. Davis, president, and other officers were re-elected.

January net operating income was reported as \$862,880, an increase of \$17,944 over the net for January, 1927. Revenue showed a decline of \$39,794 to \$4,101,595.

Hickman and Hunt Confessions to be Introduced Tomorrow

WILL LINK UP ORAL EVIDENCE

Three Eyewitnesses to Toms Murder Testify

Widow Tells Graphic Story of Hold-up Shooting

Versions Differ as to Which of Two Fired Bullet

The confessions of William Edward Hickman, condemned murderer of a 12-year-old schoolgirl, and Welby Hunt, his bandit pal in a series of robberies, will prove outstanding testimony as to the guilt of the pair in the joint trial now underway, where they are charged with the murder of C. Ivy Toms, according to Dep. Dist. Atty. Thoma and Costello.

The detailed story of the attempted drug-store hold-up and the gun battle on Christmas Eve, 1932, was related by both prisoners to officers in the County Jail shortly after the incarceration of Hickman for the abduction and murder of Marion Parker.

When court is reconvened Thursday at 10 a.m. following the holiday today, the two confessions will be placed in evidence, according to prosecution counsel, and will serve as the deciding link in a chain of testimony related by witnesses yesterday.

Shortly before the close of the fifth day of the trial, Patrolman E. J. Oliver was charged in the indictment, and was the third eye-witness to the hold-up and killing to testify that the accused pair are the bandits who attempted to rob the store and murdered the drugist.

FOUR ON STAND
According to the deputy district attorneys, he will continue his testimony tomorrow morning, and will offer further proof that Hickman and Hunt are guilty as charged in the indictment. The policeman also will testify, say the prosecution counsel, that Hunt fired the fatal shot which caused death, and that he shot from behind shelves containing bottles filled with drugs used in compounding prescriptions, and that Toms was almost directly facing Hunt with his hands in the air.

The testimony of four prosecution witnesses went into the records of the trial yesterday, and when court adjourned last night, it was pointed out by counsel for young Hunt that not one of the witnesses had testified that Hickman had fired the fatal bullet, but were almost insistent that Hickman had done most of the shooting.

Attorney Glimmer said last night that he expects to call his client, Hunt, to the witness stand as the first defense witness.

MAP INTRODUCED
Following the reading of the joint indictment, shortly after court convened yesterday, Dep. Dist. Atty. Thoma made the formal opening statement of the charges and called the first witness, Frank C. Kohl, to the stand.

Kohl was used as the basis for the introduction of a large map of the interior of the store at 443 Huntington Drive, as well as the street intersection, and certain trees and street lights. Judge Craig reserved ruling on an effort by Dep. Dist. Atty. Costello to take the jury to the scene of the crime and indicated that the map is of sufficient clarity.

Assistant Autopsy Surgeon Webb was next called and told of performing the autopsy December 27, 1932. The doctor testified that the bullet which caused death entered the front of the chest, and traveled apparently straight through the body. He identified the bullet.

CRASH CONFUSES BUDDHIST PASTOR
Mental confusion, not criminal intent, prompted Junjo Irumida, 63-year-old pastor of the Japanese Buddhist Temple of Los Angeles, to flee from the scene of a collision, he declared yesterday at his arraignment before Municipal Judge Baird on a charge of failing to render aid.

The preacher, who was arrested Monday following an accident at First street and Boyle avenue with the automobile operated by Harry Hanson of 1040 Blue street, pleaded not guilty to the felony charge and agreed to Friday at 10 a.m. as the date for preliminary hearing. Judge Baird fixed bail at \$1000.

'RAILROADED' THEY CHARGE

Affidavits Say That Three Concocted of Slaying Druggist Not Men Who Committed Crime

Affidavits tendered the District Attorney by lawyers representing Harvey Lesher, Mike Garvey and Phil Roban, convicted of slaying A. R. Miles, a druggist, in an attempt to prove the defendants had been "railroaded" in prison, yesterday were classified as weak evidence and of little or no importance to the case by Dep. Dist. Atty. Crail and Menzies.

The announcement came after an investigation which revealed that the principal affidavit is made by Mrs. Sarah Rosenfeld, 2618 Brighton avenue, whose son, Harry Rosenfeld, is now awaiting trial in Superior Court on charges of robbery and attempted robbery.

Investigators report that the Rosenfeld youth formerly was a pal of the three men whom his mother accuses of slaying Miles, and that through names as Dick Sparks, 27 years of age, a cook living at 1334 1/2, South Berendo street; Jack Kurza, 37, a chauffeur of 2517 Crenshaw boulevard; and Hugo Hollman, 40, a commercial photographer at 1229 West Twenty-fourth street.

Prosecutor Concanannon and Inspector Crawford and Erickson, who arrested the three men, the names of which are placed in the City Jail under bond of \$1000 each.

According to Inspector Vail, the pictures seized in the possession of Kurza are second or third-hand copies from the original taken by the photographer at 1229 West Twenty-fourth street.

In a detailed confession Kurza admitted that he had been in the restaurant at 1229 West Twenty-fourth street, where the latter was slain, and that he had taken the pictures.

GIVEN TO FRIENDS
Fifty of the pictures were given to Sparks, Kurza said, while he kept a like number and divided them among friends. Twenty-five of the pictures were given to a sailor on the way to New Mexico and the others, said from the six in his possession, were given to friends.

Hollman denied all knowledge of the nature of the pictures, Inspector Vail said, declaring that he had received the plate and had immediately turned it over to one of his workmen.

According to Inspector Vail, first knowledge of the existence of the pictures followed by reports that one of the official pictures had been in possession of the police had been stolen.

The five men will be arraigned this morning before Municipal Judge Baird, according to Chief Trial Deputy Prosecutor Eberhardt.

PSYCHOLOGY HELD VITAL TO RELIGION
Church Must Recognize and Study New Thought, Dr. Ballard Declares

Declaring that a majority of professional psychologists are untrustworthy, Dr. J. Hudson Ballard, head of the department of religion at Occidental College, in an address yesterday to the interdenominational conference at the First Congregational church said that, in spite of the psychology he had just presented, which the church must recognize and study in order to maintain its high place as an intellectual and spiritual preceptor.

The new psychology, all of which need not be taken for gospel truth, still challenges the church to deeper study of religion and to higher ideals," said Dr. Ballard. "The church must widen the scope of its ministry to include greater care of the body and more intense study of mental law."

Characterizing behaviorism as "a resurgence, in psychology, of the determinism that has been lost out in the field of philosophy," Dr. Ballard explained and challenged the conclusions of behaviorism, whose mechanistic conceptions of life, he said, assail the very citadel of the Christian religion.

"Behaviorism reduces all phenomena, life, intelligence, emotions, and will to mechanistic action and reaction," said the speaker. "The mind and feeling are explained on the basis of nerves which react to stimuli. In this theory there is no deity, no God, no postulation of immortality, no moral responsibility, no guilt, no sin and no need for a Savior."

original psychology became mechanistic and lost its soul; it then became naturalistic and lost its God, and it now has become behavioristic and lost its consciousness."

CHRISTIAN SCIENCE LECTURES ARRANGED
Christian Science lectures, free to the public, will be delivered by members of the board of lectureship of the Mother Church, the First Church of Christ, Scientist, Boston, as follows: Dr. John M. Tutt, C.S.B., of Kansas City, Mo., Thursday, Third Church, 734 South Hope street, 8 p.m.; Friday, Fifth Church, 7107 Hollywood boulevard, 8 p.m.; and Saturday, American Legion Hall, Normandie and Palm avenues, under the auspices of Eighth church, 8 p.m. Mrs. Nevila E. Ritchie, C.S., of Berkeley, Pa., Friday, First Church, 7107 Hollywood boulevard, 8 p.m.

WITNESS PROVIDES SURPRISE AT TRIAL

Accused Doctor Will Testify Tomorrow Morning

Woman Describes Quarrel With Mrs. Appleby

Defense Calls Several in Murder Trial

Dr. Charles McMillan, charged with the murder of Mrs. Annette Appleby, will take the stand in his own defense when the trial is resumed in Judge Desmond's court tomorrow morning, as the prosecution rested its case and the defense began. Today, being a holiday, there will be no court session.

The appearance of the physician on the witness stand is expected to disclose the two major lines of defense, the other being that those shares which were issued in Los Angeles in exchange of the State permit were forged shares.

Wright testified, in answer to Lewis' question concerning more or more certificates shown the witness, that the signatures of T. P. Conroy, former Julian secretary, and H. Campbell, vice-president of the company, were not the signatures of the men, in his opinion.

Lewis' assertion that the 301,000 shares of common stock and 130,000 shares of preferred issued in New York for Lewis' property were "worth millions to the Julian company" brought a stinging reply from the prosecution.

The District Attorney's office asserts the so-called "valuable" Lewis property was only a dummy means of Lewis and his crowd to cover the sale of Julian stock, which was intended to evade the California securities law.

Court adjourned yesterday until Thursday morning.

GIANT WARSHIP ENTERS HARBOR

will be influenced in his decision only by the legal situation in the light and not by any showing of a change in the conditions of the district. Consequently, the suit is based on the restrictions and their legality or illegality.

The case will be resumed Thursday morning.

Threat Found in Kidnaping

"Be still or I'll be back," was the warning scrawled on a piece of paper that was stuck under the door of the apartment of Virginia Rankie, 18-year-old schoolgirl, who a week ago Thursday was reported to have been "kidnaped."

The letter is believed by police to have been written by the "drug-store" cowboy for whom police are searching as the man who enticed Virginia to leave her mother's apartment and accompany him to India.

After being gone two days from her home Virginia was found by police in a South Main-street hotel, where she had gone following her trip to India. The girl was returned to her mother and a search by police for the girl's companion on the trip has been in progress since.

Physicians prescribe Bayer Aspirin

Headaches may be swiftly and safely relieved by Aspirin tablet. A most efficient remedy, and there's no need of any special diet or rest. Just take one or two tablets and see how soon its soothing influence is felt. Just as you have a cold, neuralgia, neuritis, rheumatism, toothache, you can get relief from Bayer Aspirin—the genuine Bayer Aspirin—in the box, and on every tablet. All druggists, with previous permission.

JULIAN CASE DEFENSE AIRED

(Continued from First Page)

pany in 1925, of which S. C. Lewis was owner, had been issued in Los Angeles, and then sent to New York. Yesterday he asked for an opportunity to change his statement and testified the shares were originally issued in New York.

Following court adjournment yesterday Lewis told press representatives that he will show later that most of the 4,900,000 shares of spurious stock was issued in New York, and as such, declared the defense will be able to prove it was valid.

"No, there was no such admonition made at the time I received the gift," Wright answered.

DEFENSE LINES DISCLOSED
The cross-examination yesterday disclosed the two major lines of defense, the other being that those shares which were issued in Los Angeles in exchange of the State permit were forged shares.

Wright testified, in answer to Lewis' question concerning more or more certificates shown the witness, that the signatures of T. P. Conroy, former Julian secretary, and H. Campbell, vice-president of the company, were not the signatures of the men, in his opinion.

Lewis' assertion that the 301,000 shares of common stock and 130,000 shares of preferred issued in New York for Lewis' property were "worth millions to the Julian company" brought a stinging reply from the prosecution.

PARK-JOSTLING PROTEST FAILS

Council Refuses by Tie Vote to Take Any Action

Pershing Square Matter Up to Commission Again

Attorney Urges Destruction of Fingerprints

President Bonelli and six other Councilmen yesterday prevented the City Council from taking snap judgment on the matter of arrests of thirty-seven men in Pershing Square on the 7th inst., charged with blocking the sidewalks in the park.

Attorney Griffith Jones represented the Council yesterday and on their behalf protested against the "unintelligent" methods he said the police used in clearing the park sidewalks and particularly against fingerprinting the men. He asked that the Council request the Police Commission to have the fingerprint records destroyed, as, he said, the men are law-abiding citizens and tourists, men with jobs, property, money, homes and families.

BOTH SIDES WANTED A resolution expressing regret at the arrests and asking the Police Commission to order the fingerprint records destroyed failed to carry by a tie-vote, those voting against the resolution being President Bonelli and Councilmen Hughes, Martin, Rice-Wray, Sanborn, Shaw and Webster.

President Bonelli said that he, for one, desired to hear police department witnesses tell the other side of the story before taking action. In general, he said, he believes the adoption of such a resolution would be placing the Council on dangerous ground in interfering in departmental affairs over which it has no jurisdiction.

PROTESTS SENT BACK The protests of the arrested men finally were sent back to the Police and Fire Commission as was Councilman Randall's resolution for further investigation and consideration.

A report was read from Chief of Police Davis saying the police department has had great difficulty keeping the sidewalks through the park clear due to arguing groups and that no one was arrested on the 7th inst., except those who were blocking the sidewalks.

During his argument to the Council, Attorney Jones declared the police department had refused to permit most of the arrested men to notify their families or friends.

POLICE COMMISSION BACKS DAVIS'S REPORT The Police Commission yesterday approved a report of Chief Davis that his officers used no force in the arrests and are to be commended for arresting thirty-seven persons in Pershing Square the 7th inst., on charges of blocking the sidewalk. The Chief reported that those arrested were not held incommunicado and none merely was walking through the park, as charged.

HUNT ON FOR MAN POSING AS WOMAN

Kidnaping Attempts Laid to Wilmar Masquerader; Young Girls Preyed On

Search for a mysterious man, disguised as a woman, who has been haunting the alleys of Wilmar, was ordered yesterday by Sheriff Traeger following numerous complaints by Wilmar citizens.

The latest near-victim of the masquerader was the 14-year-old daughter of Mrs. W. R. Comart, 112 West Emerson Place, Wilmar, according to reports made to the Sheriff.

Mrs. Comart told officers that when her daughter was returning home at dusk Monday night, the man leaped out from behind the shrubbery and attempted to seize her. The girl screamed and fled home, telling her mother of the incident at once.

From the description supplied by the Comart girl and others who have reported similar experiences, Deputy Sheriff King and Chief reported the fugitive probably is a man masquerading as a woman.

CHECK HELD TO BE LINK IN SLAYING

Murder Complaint Will Be Asked Tomorrow in Barbosa Case

Discovery of a check, asserted to have belonged to Filadelfo Barbosa, whose slashed body was found buried in a shallow grave near Irwindale on the 16th inst., yesterday strengthened the evidence being gathered against the man charged with the slaying of Belso Flores, held in the County Jail on a charge of suspicion of the murder, according to Deputy Sheriff Mendon and Sepulveda.

The check, the officers assert, was cashed in a Monrovia bank by Flores a week after Barbosa disappeared, January 20, last.

Additional evidence has been obtained indicating that considerable ill feeling existed between Flores and Barbosa over the affections of Flores's wife, the officers charge.

As a result the officers announced that tomorrow they will place the evidence they have gathered before Clifford Thoms, deputy District Attorney in charge of the homicide department, and ask for a murder complaint.

WIFE SUES RECTOR FOR MAINTENANCE

Charging cruelty, suit was started in Superior Court yesterday by Mrs. Celestine B. Smith asking separate maintenance from her husband, Harry Lee Smith, who, according to the complaint, is rector of an Episcopal church. Harold Ide Cruzan is attorney for the plaintiff.

BORN HOOVERITES TO MEET

A meeting of the Born Hoover Club will be held at 8 p.m. today at the Elite banquet hall, it is announced.

ACTRESS TO SERVE SAN QUENTIN TERM

Miss Hope Phillips, 22 years of age, San Francisco actress, sentenced to San Quentin prison for a term of from one to ten years on a charge of manslaughter. A few minutes later she was led from the courtroom in a hysterical condition, cursing the officers.

The young woman was convicted of the offense charged January 31, last, by a jury in Superior Judge Vicini's court, where Miss Phillips was tried for the slaying of Miss Katharine Knudson in an automobile accident December 1, 1927.

Following her conviction Miss Phillips applied for probation, but the application was denied by Judge Hardy yesterday and sentence passed at once.

Miss Knudson, slaying from a street car at Vermont avenue and Eighty-third street, was run down by an automobile asserted to have been owned by John Schultz and driven by Miss Phillips. Schultz at first was made a joint defendant in the complaint but later the charge against him was dismissed.

Miss Phillips was driving the car.

BOYS HELD AS ROBBERY SUSPECTS

Officers Believe Thefts in Watts Cleared Up by Seizure of Six Youths

The burglary of numerous stores in the city of Watts and the theft of at least five automobiles during the last six weeks were believed solved yesterday when Deputy Sheriff Ayers and Barber arrested six youths and recovered property estimated to be worth approximately \$500.

The youths, held temporarily on a charge of suspicion of burglary, gave their names as Darrell Seagraves, alias Dick Noble, 17 years of age, 804 Vineland avenue, Baldwin Park; Clemente Reyes, 16, 572 Columbus avenue, Willowbrook; Phillip Martel, Jr., 17, 1664 East One Hundred and Ninth street; Ralph Murillo, 17, 916 Holmes avenue, Watts; Joe Peniles, 16, 1619 Worthington street, Willowbrook; and Lupe Cardina, 16, 1642 East One Hundred and Seventh street.

Arrest of the youths followed an investigation of the burglary of a store owned by A. C. Keller on El Monte Boulevard near El Monte and Baldwin Park, on the 15th inst.

Another youth, asserted to have been the leader, known as Joe Moreno, 19, also is sought by the officers.

Supreme Court Asked to Decide Securities Case

Whether the California Railroad Commission has jurisdiction to authorize a public utility company incorporated in another State to sell its securities here is a question presented to the State Supreme Court for decision in a petition filed here yesterday by the Southern Sierra Power Company.

The corporation asks that the State Railroad Commission be compelled to issue a permit for the sale of \$2,000,000 worth of its preferred stock. The Railroad Commission has refused to hold a hearing on the application of the company for a stock-selling permit on the ground that it lacks jurisdiction because the public utility corporation was incorporated in Wyoming.

Attorneys for the company contend in their petition that the Public Utilities Act makes no distinction between the stock of domestic and foreign companies.

TRAFFIC ACCIDENT VICTIM SUCCUMBS

Mrs. Samuel Brown, 35 years of age, 625 Hollister avenue, died in General Hospital yesterday after having been injured in a traffic accident on the 16th inst. folle car she was driving collided with another at Mozart street and Grinn avenue, the other operator, George Montano, 428 Gates street, not being seriously hurt. An inquest is to be conducted at 3 p.m. tomorrow at the County Morgue.

FUEL ADDED TO LEACH INQUIRY

Two New Mortgage Concerns Declared Organized

Promoter and Five Asserted Aides Face Hearing

Woman Says Sum of \$2500 Lost in Enterprises

Inquiry into the asserted illegal operations of Martin Leach, Los Angeles promoter, was broadened yesterday with the announcement by Dep. Dist. Atty. Judson that since complaints have been issued against the man and five his asserted employees it has been discovered that two other mortgage companies have been organized by Leach during the last few months. The information was given by a woman who charges that she lost \$2500 through an investment in one of Leach's enterprises.

Leach is charged with violation of the Corporate Securities Act in a complaint issued by the District Attorney on the 20th inst. The previous day complaints incorporating the same charge were issued against Roger E. Jones, Roswell C. Jones, Sydney Cole, William E. Abbott and J. D. Cas, asserted members of Leach's company.

The two new concerns said to have been organized by Leach are the First Mortgage Guaranty Company and the South Coast Estates, Inc. The complaining witness, Matilda Wiseman, 1014 West Forty-third street, told Dep. Dist. Atty. Judson that she purchased five \$500 first-mortgage notes from the First Mortgage Guaranty Company, and has found that they are not as represented.

According to Judson, both of these newly organized companies are controlled by Leach, as were the two that handled the transactions which led to the issuance of complaints.

The mode of operation of the concerns, officers charge, was to purchase the property through a company organized by Leach and then subdivide it and issue mortgages to another company controlled by the same man. The latter company then would issue first mortgage notes on the property, which would be sold to "crack" salesmen for 50 per cent of their face value. These salesmen then would trade the paper for real estate of unquestionable value and accept a 50 per cent commission, it is charged.

CITY HALL FETE TODAY AT HARBOR

Corner-stone Will be Laid for \$648,000 Branch as Many Officials Attend

City officials and State officers of the Native Sons of the Golden West will participate in the corner-stone-laying ceremonies for the new \$648,000 branch City Hall at San Pedro today afternoon. The program, under the auspices of Sepulveda Parlor, N. S. O. W., begins at 1:30 p.m.

Mayor George Thompson of Santa Clara, Grand President of the Native Sons' order, and Sheriff Traeger, a Past President of the order, will be among the speakers. On the speakers' platform will be members of the City Council, Board of Public Works, representatives of the police, fire and harbor departments and San Pedro civic organization leaders.

The new building, being erected at a cost of \$648,000, will house harbor division police, fire and other branch offices of the city government. Two entire floors of the six-story structure will be occupied by the Harbor Department.

State officers of the Native Sons of the Golden West who are to accompany Grand President Thompson today include James A. Wilson, of San Francisco, Grand First Vice-President; Charles L. Dodge of Martinez, Grand Second Vice-President; John T. Newell of Los Angeles, Grand Third Vice-President, and John T. Regan of San Francisco, Grand Secretary.

William F. Durr heads a committee of San Pedro Native Sons and civic organization representatives in charge of arrangements for the program. Delroy of the Board of Public Works will act as master of ceremonies. Music will be furnished by the Third Regiment Band of Fort MacArthur.

The ceremonies at the new municipal building in San Pedro have been arranged to last through the visitors going to the harbor for Harbor Day of Los Angeles' Foreign-Trade Week and then before going about the port on boat excursions arranged by the Los Angeles Chamber of Commerce.

Educators of California Go to Convention

Headed by Superintendent Keppel of the Los Angeles county schools and president of the California State Teachers' Association, more than a score of California school officials left Los Angeles yesterday morning on the Southern Pacific's Apache for Boston.

The delegation will arrive in Boston Saturday for the national convention of school superintendents, being east by way of Chicago.

Northern delegates from San Francisco, headed by Secretary Roy W. Cloud of the State association, reached Los Angeles earlier and traveled east with the local contingent.

Officers of the State association, in addition to President Keppel, who are making the convention trip, include Secretary Cloud, F. F. Martin of Santa Monica, president of the Southern California section, and P. H. Thurston of Los Angeles, secretary of the Southern California section.

METALLURGIST TO SPEAK

Dr. Frank W. Traphagen, chemist and metallurgist, will address the Joint Technical Societies of Los Angeles at the weekly luncheon tomorrow noon at the Broadway Department Store. John E. Dodge is chairman of the Southern California section of the American Institute of Mining and Metallurgical Engineers, which is in charge of the meeting. Dr. Traphagen will describe the process of treating complex sulphide ores. Dr. Traphagen was professor of metallurgy at the Colorado School of Mines for thirteen years.

BULLOCK'S

VALUES for the COLLEGIENNE ENGAGED in BUSINESS WHO HOLIDAYS TODAY

Dresses the *Collegienne Wears to Business and Elsewhere, Values! \$20

Want \$1000 for Your Vacation This Summer?

Here's your opportunity to take the vacation you've longed for all your life—to journey as far as you wish—stay as long as you wish—and without a worry about expense! Perhaps you'd choose a trip back East—or a sea voyage to the Hawaiian Islands—Alaska—Europe. YOU CAN GO—by putting in your spare time now to good advantage, playing your way to the \$1000 top prize in The Times' big \$5000 Picturegame. Lots of other prizes, too—\$750—\$500—\$300—\$250—any one of which would enable you to have the time of your life this summer. And YOU have every bit as much of an opportunity to win the \$1000 prize as anyone else. Start playing today—and be ready for a REAL vacation this summer!

Here's How to Play "The Times" \$5000 Picturegame

Take a good look at the picture on the left. It is drawn to represent the title of a book. What book? Can you tell? Every day The Times prints a picture representing a book title, and the player who names the most of them correctly wins the \$1000 cash prize. To make it equal for all, The Times has prepared a Catalogue of Book Titles CONTAINING THE TITLES TO ALL 77 PICTURES IN THE SERIES. If you had this Catalogue now, you could easily find a title for this picture. You would just run your finger down the list and come to "Baby Folk." Don't you think it fits? You can do just as well with the rest of the pictures. Try it!

Everything You Need—Catalogue and All Back Pictures—10c

It's not one bit too late to start now. Clip the certificate printed here, take it to any bookstore listed below, with 10c, and you will receive an Official Catalogue, and a set of all back pictures in the Picturegame, from No. 1 down to date. Or, send the certificate with your remittance direct to the Picturegame Manager, The Times, Los Angeles, Cal., and catalogue with back pictures will be sent by return mail. You can pick titles for all these back pictures in less than an hour. Do the same for all future pictures as they appear in The Times until you have the complete set of 77 pictures—then send in your answers. That's all there is to it. Don't put it off another day. ACT NOW—play your way to the \$1000 cash prize and a vacation that will linger always in your memory.

THIS CERTIFICATE AND 10c

entitles you to
"Times" \$5000 Picturegame Catalogue and Complete Set of Back Pictures

PICTUREGAME EDITOR,
The Times, Los Angeles, Calif.

Send me Catalogue and all back pictures. I inclose 12 cents.

Name

Of Interest to Women

SOCIETY

BY JUANA NEAL LEVY

One of the prettiest of the season's weddings was that of last evening when at 8:30 o'clock, Miss Edna Theresa Glass, daughter of Mr. and Mrs. E. M. Glass, became the bride of Paul James Robinson, son of Mr. and Mrs. T. W. Robinson of South Hobart avenue, the ceremony taking place in St. James Church with Rev. Ray O. Miller officiating.

The church was effectively decorated with a profusion of ferns, greenery and potted plants, baskets of spring flowers adding a touch of color and myriads of lighted tapers shedding a soft glow over the scene.

The dainty bride, given in marriage by her father, wore an exquisite creation of white satin heavily beaded, with long court train. The veil of chantilly lace was held in place by pearls and orange blossoms and she carried a white prayer book to the altar. Miss Virginia Robinson, sister of the bridegroom, was maid-of-honor

in gown of chantilly lace over robin's egg blue, carrying to the altar an armful of early spring flowers, which she gave to the bride after the ceremony, herself carrying from the altar the white prayer book. Mrs. C. V. Klefer, matron of honor, wore a gown of pink chiffon and carried an arm bouquet of pink roses.

The bridesmaids, Miss Dorothy Brown, Miss Ora Mae Smith, Miss Lenore McGrath, Miss Alice Sanford and Miss Alice Campbell, wore frocks of chiffon in three shades of green, orchid, blue, orange and pink respectively, with horsehair hats to match and they carried arm bouquets of spring flowers tied with the three shades of tulle matching their frocks.

The maid of honor and matron of honor also wore hats of horsehair to match their frocks.

Ernest Roll served Mr. Robinson as best man and the ushers included Juan Bautista Martinez, Richard Edward Letts, Cecil May, Donald Ayres, Larus Parker and Clarence Hunt.

Following the ceremony, to which 500 invitations were issued, there was an informal reception and wedding supper for thirty-six relatives and the bridal party, at the home of the bride's parents, 937 South Windsor

FROM THE DIARY OF A SUCCESSFUL HOSTESS

The evening of Jeanne's announcement, partly Little Beryl said to me, "Auntie, it was almost like Aladdin and the lamp, wasn't it? All we had to do was say 'we want to eat now', and the Premiere brought the dishes and the food and the napkins and everything." Whereupon Mother burst out with this, "And also cleaned up the mess afterward, thank goodness!"

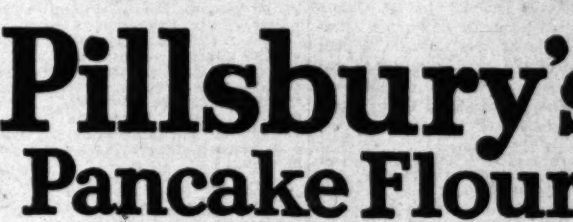

Little pictures of American homes No. 27.

Young Johnnie McGroucher, a notorious sleepyhead, decides that Pillsbury's pancake morning is no time for dilly-dallying.

Here's one nourishing breakfast the younger generation will eat without an argument—Pillsbury's pancakes. They're far better than the old-fashioned kind—light, tender, delicious, easy to digest. And they're amazingly easy to make—simply add milk or water to Pillsbury's Pancake Flour, and in a few minutes you'll have the finest pancakes you've ever tasted!

made of the same pure, high-quality ingredients you use in your own kitchen

"Yes, of course I've tried higher-priced cooking fats—but I can't seem to get the results with any of them that I get using FLUFFO. It's my choice for all cooking, frying and baking."

ENJOYS VISIT IN SOUTH

Guest of Honor at Elaborate

Mrs. Frank Canley

AMONG the attractive visitors who have been enjoying a delightful sojourn in Southern California are Mr. and Mrs. Frank Canley, who are houseguests of Mr. and Mrs. W. J. Crosby at their home, 827 South Crenshaw Boulevard. Many elaborate affairs are being given in their honor, among them being the dinner party at the Deauville Club with which Mr. and Mrs. Crosby entertained and at the opening of "Fun-

Boulevard, after which Mr. and Mrs. Robinson left for several weeks' honeymoon trip motoring north and after their return will make their home here.

Mrs. Robinson was graduated from University of Southern California college of music, where she was affiliated with the Phi Epsilon and Phi Mu societies while Mr. Robinson is a Sigma Chi and an alumnus of University of Southern California.

Mrs. Glass received her guests in a beaded gown of fuchsia chiffon while Mrs. Robinson wore a green beaded gown with silver slippers and hat to match.

Monday afternoon Miss Glass gave a luncheon tea to a select circle of her intimate friends, being the honored guest at a dinner afterward at her parents' home while Mr. Robinson entertained his men friends at a stag dinner at his parents' home the same evening.

Luncheon Party

Mrs. Arthur H. Rice of Massillon avenue entertained with a beautifully appointed luncheon and bridge at The Arcady, honoring Mrs. Charles Winkler and Mrs. E. F. Fick of South Bend, Ind., who are passing the winter here. Spring flowers, ferns and tulle were combined in the table decorations and bridge followed luncheon. Those included were Mrs. Winkler, Mrs. Fick, Mrs. W. I. Dolan, Mrs. R. E. Pond, Mrs. C. D. Davey of Pasadena, Mrs. D. R. Boles of Whittier, Mrs. Caroline Anderson, Mrs. Minnie Leonard, Mrs. Paul Ridgely, Mrs. Edgar Smith, Mrs. F. M. Crosby, Mrs. V. W. Sandbeck, Mrs. E. W. Griffith, Mrs. Warren W. Swetland, Mrs. George A. Force, Mrs. J. J. Kuchman and the hostess.

Valentine Dance

A charmingly appointed Valentine dance was given Friday evening at the Orton School in South Manhattan Place by the Orton Drama Club, the guests being received by Miss Katherine Elliott and Miss Daphne Hellerman, assisted by Miss Franc Epping and Miss Jean Conrad. Miss Betty Brockett, Miss Ellengrady, Miss Lorraine Hills and Miss Margaret Slossburg were in charge of the dance and two animated Valentine who served at the reception hall were Jennie Bevis and Gunhild Ahlburg.

The house was beautifully decorated with acacia and flowering peach while tall red candles added to the spirit of the Valentine motif, forty couples being bidden, and enjoying the dancing.

Engagement Announced

Mr. and Mrs. William De Pons of 4078 South Normandie avenue announce the engagement of their daughter, Miss Frances Dorothy De Pons, to Francis O'Leary Martin, son of Mrs. Nell Martin Whelan of Oakland.

YOUR BABY AND MINE

By Myrtle Meyer Eldred

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

TO BOB OR NOT TO BOB BABY'S HAIR

Mrs. J. O. B. writes: I read your column daily, but so far I have never seen anything about baby's hair. To settle an argument between my husband and me I will answer this question. My husband claims that by shaving off the baby's hair it will come in much stronger and thicker. Is this true? My opinion is that bobbing will have the same effect. Would you have it done?

Answer: I think it would be a real shame to shave off the little girl's hair. Shaving would result in bringing in coarser hair and probably that makes it seem thicker. We like fine hair on a small girl's head and hence there seems no excuse for making the child so conspicuous as she would be with a bald head.

COD LIVER OIL

Mrs. A. E. D. writes: My 11-month-old baby weighs nineteen pounds. I am weaning her and she is very fretful. She wakes three or four times at night, and being very foolish, I put her in my bed. Now when I put her in her own bed she cries for hours. She gets plenty of cereals, soups and milk. Would you advise me to give her cod liver oil, and what is its purpose?

Answer: If the baby is getting enough to eat there is no reason why she should wake two or three times at night. I think it quite possible that the fault lies there, and first of all see that her diet is correct for her age, and then the sleeping will take care of itself.

Cod liver oil is given to prevent rickets, a nutritional disease, caused by an inadequate diet, and also caused by lack of sunlight, a real lack with children in cold climates. Cod liver oil acts on the body the same as sunlight and so to make up for its lack we give the baby daily small doses of the oil.

Mrs. R. H. L. You are quite right. First of all a mother should try to learn everything she can about caring for children properly. Then when things go wrong she should ask the doctor, and not the neighbors, what to do.

like new if used for scrubbing instead of water. It will also keep them clean longer.

A Dainty Kitchen
Attractive kitchen curtains are those made of plain or plaid muslin. If neat, make a few light dumplings with a binding of checked gingham.

Instead of a hem. The colors in the gingham can be chosen to correspond with the kitchen.

Whispered to Me
If the stew from leftovers seems a bit scant, make a few light dumplings and add them to it. They are not only good, but decidedly filling.

Those Heavy Dumplings
Take a tip from an old housekeeper and, even if you are certain hubby will be home at a given time, wait until he arrives before you steam those dumplings. Because if your calculations are not correct the dumplings will be very heavy from overcooking.

A Hair Pillow
A thin hair pillow is best for baby. Feather pillows make the little fellow's head perspire.

Camera Highlights on Day's News and Features Around the World

A Picturesque Unit of Great Britain's Military Organization is the Royal Camel Corps which patrols the sandy Sahara stretches of Egypt and prevents the predatory desert sheik from indulging his age-old taste for raiding the outposts of civilization. These exclusive photos shows "high riders" in native setting: Above, skirmish line; below, going into camp on desert. (Paramount News photos.)

Getting Ready for a Long, Long Journey—Photo shows Prof. Robert Condit, Miami (Fla.) scientist and chemist, and the rocket-like machine of his own invention, in which he says he will shortly take off for the planet Venus with reasonable hope of arriving at destination. (P. & A. photo.)

At a Continued Speed of Sixty Miles an Hour, Marian B. Carstairs, foremost British motor-boat racer, hopes to cross the Atlantic Ocean next summer in a super motor boat which is now under construction. (P. & A. photo.)

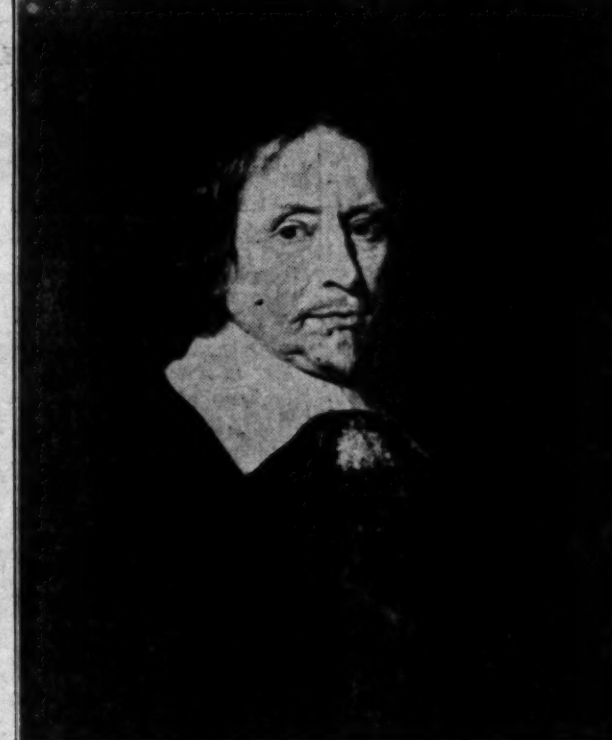

Annually, With the Approach of Spring, animals of the zoo and menagerie exhibit a restlessness they do not show at any other season. It is the call of reawakening Nature. This puma, an inmate of the London Zoo, shows restlessness in his every line. (P. & A. photo.)

He'd Never Seen a Train Nor Heard a Radio until he was brought out of the mountains of his native Kentucky to amuse New Yorkers with folk songs and "fiddlin'" at a fabulous (to him) salary. He's Jilson Setters, 60, typical Kentucky mountaineer. (P. & A. photo.)

Knows Her Corn, does Mary L. Evans, who has recently been acclaimed the champion girl corn grower of Kansas. She's still in 'teens. (Paramount News photo.)

Notable Collection of Oil Paintings of Masters of Last Three Centuries, the property of Arthur C. Vose of Boston, younger scion of two generations of noted art dealers, is on exhibit at the Biltmore Galleries. Among the collection are the two paintings reproduced above: Left, "Portrait of a Man" by Jean Francois, and right, "Ann Pophan" by Sir Peter Lely.

World's Auto Speed Record of 160 miles per hour, recently established, was made at which Frank Lockhart, driver, is shooting at Daytona, Fla. Lockhart and his team of hawks shown above. (P. & A. photo.)

An Old Tally-ho Coach and a Bewhiskered Delegation of Ad Club Members met James Whitcomb Brougher of Oakland, former pastor of Temple Baptist Church here, when he arrived yesterday over Southern Pacific to be principal speaker at "Old-Timers' Meeting" of the club at the Biltmore. Dr. Brougher with committee and coach shown above. (Keystone photo.)

More Than Usual Interest Attached to Marriage of Commander George M. Dyott and Miss Persis M. Wright (leaving church after ceremony) at New York last week. The groom left immediately on a perilous journey which will take him into the wilds of Brazil where he hopes to find the lost explorer, Col. Fawcett. (P. & A. photo.)

Effectively Camouflaged jade pendant of a lady who wears a blouse by Francy. It was among fashion show. Boulevard Theatre show.

OUR HISTORY IN PICTURES 958

The Story of Stanley and Livingstone (Concluded).
Death of Livingstone and Explorations of Stanley.

by J. CARROLL MANSFIELD

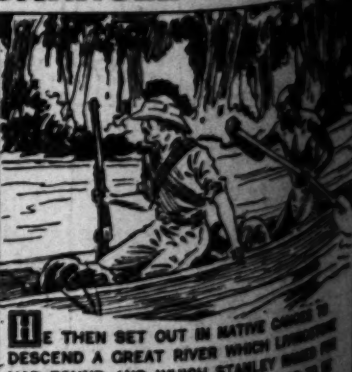

AFTER HENRY STANLEY HAD DEPARTED FROM TANGANYIKA FOR ZANZIBAR, DR. LIVINGSTONE SET OUT ON ANOTHER EXPLORING EXPEDITION INTO THE AFRICAN JUNGLE. WHILE ON THE MARCH, THE INTREPID EXPLORER FELL ILL, AND WAS CARRIED TO A NATIVE VILLAGE BY HIS FAITHFUL BLACK MEN, WHERE HE DIED.

IN 1874, THE NEW YORK HERALD AND LONDON DAILY TELEGRAPH SENT STANLEY BACK TO AFRICA TO EXPLORE THE EQUATORIAL LAKE REGION. LEARNING OF LIVINGSTONE'S DEATH, STANLEY EXPLORED VICTORIA NYANZA. HIS INVESTIGATIONS SHOWED THAT VICTORIA NYANZA WAS A SINGLE HUGE LAKE, THE LARGEST BODY OF FRESH WATER IN THE WORLD.

IN THE SPRING OF 1875, HE MARCHED WESTWARD AND BEGAN TO EXPLORE THE COUNTRY AROUND THE ALBERT NYANZA. HOSTILE SAVAGES BLOCKED FURTHER PROGRESS AND STANLEY WAS OBLIGED TO RETURN TO UJJI.

THEY THEN SET OUT IN NATIVE CARRIAGES TO DESCEND A GREAT RIVER WHICH LIVINGSTONE HAD FOUND AND WHICH STANLEY HAD BEEN ITS DISCOVERER. THIS RIVER PROVED TO BE A TRIBUTARY OF THE KONGO AND, AFTER A PERILOUS JOURNEY OF EIGHT MONTHS, REACHED ITS MOUTH ON THE WEST COAST OF AFRICA.

PALISADES FUND FACTS WANTED

Couple Seek Accounting of Methodist Project
Cross-Complaint Filed to Title Quietening Suit
Pair Ask Why University Has Never Been Built

An accounting of the funds paid into the Palisades Association by purchasers of property in the Methodist community north of Santa Monica from 1921 to December 31, 1927, and the fulfillment of the association's promise to the property owners at the time of purchase to establish a university there are demanded in a cross-complaint filed yesterday by attorneys for H. L. Silver and his wife Edith.

The cross-complaint is the outgrowth of a suit filed by the attorneys for the association and the California Trust Company to quiet title to three lots in the Palisades on which Silver and his wife were in arrears.

The cross-complaint sets forth that there are approximately 1800 persons who have purchased property in the tract and that approximately 400 of them are in arrears in the payments on their contracts. The court is asked to restrain and enjoin the association and the California Trust Company from canceling the contract rights of the cross-complainants and 400 other property owners similarly situated.

DEEDS NOW GIVEN
The property the Palisades originally was purchased on the ninety-nine-year lease plan, but in the past few months the directors voted to give the property owners deeds where the contracts have been paid in full.

The cross-complaint asserts that the failure of the association to build the promised university has handicapped the purchasers of lots in the Palisades from disposing of their excess property and has prevented many from building homes there as originally planned.

It is set forth that the property owners paid into the association from the time the project was started in 1921 to December 31, 1927, \$4,762,188 and that on the latter date the association had cash amounting to \$750,000, with all bills paid, several hundred unused lots and a quantity of valuable beach frontage. With this credit situation existing it is set forth that the association is not one of the thousands who visited the eleventh annual Hardware Exhibition opened yesterday at the Southwest Building, 130 South Broadway.

ART FOUND IN HARDWARE

Annual Show of Local Goods Draws Admiration of Visitors at Southwest Building

You didn't know hardware could be beautiful? That's because you are not one of the thousands who visited the eleventh annual Hardware Exhibition opened yesterday at the Southwest Building, 130 South Broadway. However, you will have the opportunity today and tomorrow, from 10 a.m. to 4:30 p.m., to prove to yourself that the hardware men of Southern California can arrange an exhibit of their wares that rivals an art gallery for beauty, combining utility with esthetics.

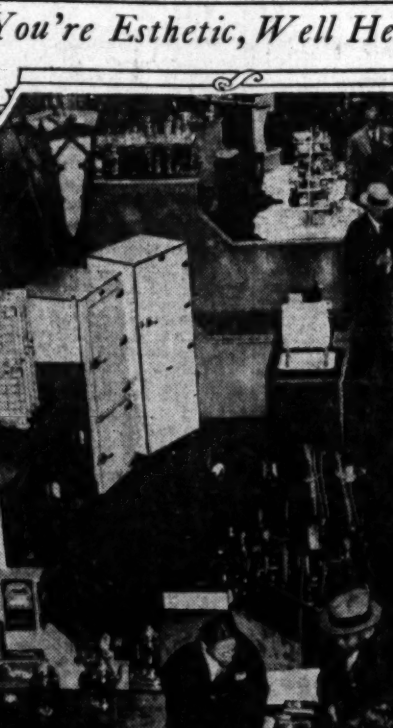

No finer exhibition ever was housed in the Southwest Building than the array of articles, tastily placed and decorated, which adorn the second floor of the historic old Chamber of Commerce Building. The thirty-one booths, exhibiting every line of hardware sold and manufactured in the Southland, shine like rooms furnished with ornaments of silver, gold, jade and pearl under the light of miniature electric moons.

FROM NEEDLES TO STOVES
The exhibit includes everything from needles to the latest makes of stoves and refrigerators, among articles exhibited being implements for farming and oil-well drilling, builders' supplies, campers' outfits, electric appliances, shining kitchen utensils and a host of other useful and decorative articles.

In connection with the exhibit is the annual convention of the Southern California Retail Hardware Association, nearly 800 members of which attended the first session of the convention yesterday. The meeting was opened by community singing, led by Wallace Moody of San Diego, which was followed by addresses by

association was in excellent position to carry out the promise to build a first-class educational institution.

MORE LAND PURCHASED
Instead of doing this, the cross-complaint asserts that the directors of the association purchased the Huntington Palisades, adjoining the Pacific Palisades, consisting of 226 acres, for \$1,625,000, or at the rate of slightly less than \$7200 an acre. It is represented that the Pacific Palisades land cost the association from \$600 to \$1000 per acre.

JURY SHORTAGE DELAYS TRIAL

Westcott Patricide Case Goes Over Till Monday
Prisoner Makes Dramatic Attempt to Escape
Demands Insanity Hearing When Captured

Efforts to select a jury in the second trial of Carl Westcott, charged with the murder of his father, Charles G. Westcott, came to a sudden conclusion yesterday when an acute shortage of prospective jurors developed. Owing to the fact that all available panels had been exhausted by the several criminal courts, it was necessary to continue the trial to next Monday.

When court adjourned yesterday there were eleven prospective jurors seated in the box. Of this number, seven were women and four were men, but all were still subject to peremptory challenge by the prosecution or defense.

ATTEMPTS ESCAPE
The Westcott case got under way following a dramatic attempt of Westcott to break from custody during the morning in Judge Hardy's court. While waiting for his case to be assigned for trial, Westcott suddenly ran from the prisoner's room, apparently headed for the hallway and possible freedom. He was stopped by deputy sheriffs, however, before he had covered half the distance to the hall.

"I want an insanity hearing," Westcott shouted as the officers grabbed him. Later in the day Westcott sought to make a statement in Judge Schmidt's court, but was advised he was represented by his counsel, Paul Schenck.

HUSHED BY COURT
"That's just it," said Westcott. "I didn't hire him and I don't know who did. I want to make a statement." On order of the court, however, the prisoner finally was hushed. Westcott was convicted last year of shooting his father, the jury recommending life imprisonment. The conviction later was reversed on appeal and the case sent back to the Superior Court for retrial.

Westcott is said to have shot his father in an effort to gain a share of a trust fund in which the elder Westcott was a beneficiary.

200 YEARS AGO TO-DAY
(By Dr. Painless Parker)

PITY poor Jonathan Doolittle! While drowsily listening to a sermon in the meeting house one fine Sunday morning in February, 1728, John laughed right out loud in church at a story he had heard the night before at a Rotary club banquet.

The horrified elders had him up before the town council before he could say "Jack Robinson"—and the council sentenced him to three days in the stocks for breaking the Sabbath.

200 YEARS AGO TO-DAY

(By Dr. Painless Parker)

PITY poor Jonathan Doolittle! While drowsily listening to a sermon in the meeting house one fine Sunday morning in February, 1728, John laughed right out loud in church at a story he had heard the night before at a Rotary club banquet.

The horrified elders had him up before the town council before he could say "Jack Robinson"—and the council sentenced him to three days in the stocks for breaking the Sabbath.

A lot of water has run under the bridge since those perilous times, and though there are still groups of people who are intolerant in their views of what others should do, the world is generally an easier place in which to live.

Dentistry has also traveled a long road since John's day, and far at the head of the parade you will find dentists using the E. R. Parker System. In these offices, modern in every detail, graduate, registered dentists utilize every useful discovery known to dental science to serve their patients.

Business methods of administration and central buying of supplies for 35 offices make it possible to sell this fine dental service to you at prices far less than dentists practicing alone can afford to charge.

Investigate the E. R. Parker System before deciding upon your dentist.
